MEMORANDUM FOR:

RE:

Feb. 15 Meeting on ERA -- proposed

Attached you'll find the list of invitees to last October's meeting on the ERA. The list looks excellent, and you may want to invite the same people to the proposed Feb. 15 meeting. I would only add to it Senator Muriel Humphrey.

I've spoken briefly over the phone with Arlie Scott who suggests that the agenda cover the following items:

1. Analysis of activity in the states, including a post-mortum on Alabama and South Carolina (and maybe, by then, Virginia)
2. Discussion of what the strategy should be in remaining states
3. Discussion of the economic boycott and possible law suits
4. Discussion of the extension bills and possible Senate sponsors (Humphrey???)
5. Reports from DNC, RNC, labor and women's organization on what they're doing and plan to do
